

Here's the Practical Side of the New Outdoor Recreation Community Center

HOW THE NECESSARY FUNDS WILL BE RAISED AND THE COSTS OF THE PROJECT PAID—THE MATERIAL BENEFITS TO THE COMMUNITY—A "COSTLY" OPPORTUNITY IF NEGLECTED.

The new Outdoor Recreation Community Center for Narberth, which will be submitted to the voters of our Borough, for approval, at the general election on Tuesday, November 8, is a matter that interests and concerns our citizens from various angles, and because Our Town believes that it is one of its functions to thoroughly acquaint our residents with every such project, we intend to open our columns each week, between now and election for a general discussion of this much needed community development.

This week we want to consider the Outdoor Recreation Community Center from a very practical viewpoint—that of the cost and how it shall be paid.

The ordinance, passed and approved by Council, provides for the issuance of bonds to the amount of \$30,000. That is, Council, when it has the approval of our citizens, by their votes, will borrow \$30,000. Of this amount \$22,500 will be expended for the actual purchase of the six acre tract of land, and the balance of \$7,500 will be expended in developing the land and making it ready for use as a recreation center by the citizens of the borough.

How Money Will Be Provided.

In a lump sum \$30,000 is a considerable amount of money, and if it were necessary to pay the full amount out of the Borough Treasury in one year it would necessitate the levying of a heavy tax on each of the taxpayers. Fortunately, moneys for permanent improvements are not raised that way. The money is borrowed for a period of years—say twenty, for example, and each year the Borough pays so much interest on the borrowed money, and in addition, at the same time, puts aside a small but specified amount of money which goes into what is called the "Sinking Fund." At the end of the twenty years, the Sinking Fund amounts to the full \$30,000, and the debt of the borrowed money is paid and the bonds are cancelled. In the meanwhile, the Borough has had the use and advantages accruing from the development, the cost has been equitably distributed among all the people and over a period of years.

The interest charges and money put in the Sinking Fund, each year, constitute what is called "the carrying charge." The carrying charge is, therefore, what the development costs the citizens each year.

Now the carrying charges on the \$30,000 that is to be borrowed to provide Narberth's new Outdoor Recreation Community Center, is about \$2,500 a year. Reduced to taxes this means a possible increase in the tax rate of something less than one mill per \$100 worth of property.

What It Will Do for Everybody.

In other words, with each taxpayer paying this trifling sum each year, our citizens can provide our community—and that simply means themselves—with an Outdoor Recreation Community Center that will, in cold dollars and cents be worth \$30,000, and which will last the same time—

Remove from our Borough a "dump" that is an eyesore and a source of embarrassment and shame to every resident.

Create a development that will redound to the credit of the whole community and every individual resident.

Provide a splendid field for community athletics—baseball, football, hockey, track sports, tennis, and playgrounds for the children.

Aid our Board of Education in its earnest desire and plan to increase the needed school facilities, through the provision of the necessary ground for school athletics, playgrounds, etc., which in turn

will permit the Board to utilize for new buildings land which it already owns—which land, incidentally, was purchased at a much lower cost than it would be possible now to buy any land which would be suitable for new school buildings.

This, in brief, is what our "Class Plan One Mill Bond Issue" can and will do for Narberth. But it would be a mistake for anyone to conclude that a vote for the money to provide the Outdoor Recreation Community Center absolutely assures an increase in the tax rate of even so small an amount as one mill. For it is quite possible that the carrying charge can be absorbed by our Borough Treasury without adding one penny to the tax rate. How?

Practical Benefits.

With, in the first place, the wiping out of the present encroachment which is that the site is in its present state, is going to improve and indirectly increase real estate values throughout the entire Borough.

In the second place, the valuation assessments in Narberth are constantly increasing and thereby automatically providing the Borough Treasury with increased funds to defray the expenses of the Borough.

In the third place, it is going to cost the Borough considerably less to build the new school buildings if the Board of Education is able to use a part of

(Continued on Page 6)

We Have With Us Today

THE GARDEN CLUB OF NARBERTH, WHICH HELPS TO SPREAD THE FAME OF OUR PROGRESSIVE BOROUGH.

Did you read the North American last Saturday? If you did, you probably noticed the two-column headline, "NARBERTH CLUB WINS AT BRYN MAWR DAHLIA SHOW," over which was a big picture of the winning exhibit.

Yes, all this honor goes to our own Garden Club, which, though still in its infancy, is rapidly treading the path to fame.

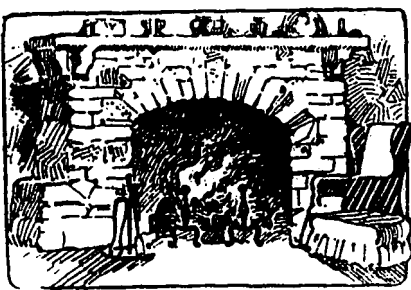

As any Narberthite would guess, the winning exhibits were dahlias entered in the Flower Show held in connection with the annual Bryn Mawr Horse Show.

A vase of eighteen dahlias of mixed varieties, flowers for which were grown by Robert J. Edgar, President of the Garden Club; Frank A. Clark, C. A. S. McClellan, George D. Grover, Henry Rose and Herbert Yowell, won the challenge cup offered annually by the Pennsylvania Horticultural Society. This was the big feature of the Dahlia Show, and its acquisition by the Narberth Club is something to be proud of.

Several individual prizes were won by Messrs. Clark and Edgar, one of which was a silver medal for the best seedling flower. The winning flower, entered by Mr. Clark, was a very large bloom of an undecipherable shade of salmon.

This is the second time this season that local flower lovers have buckled on their armor and gone forth to capture honors from neighboring exhibits, and both expeditions have been extremely successful.

And now if Jack Frost, who at the present time is peeking over the writer's left shoulder, will stay away till Sunday at least, our Narberth Flower Fans are going to see an exhibit of dahlias this afternoon and evening which even surpass the blooms which have taken other shows by storm.

THE FIRESIDE

Flower Show today.

Five Georgian Dances in Elm Hall Friday.

Purchase stamps and stamped paper at your home post office.

Miss Mary Gera spent the week end at Easton, Md.

Drop in at Elm Hall today and see the many splendid exhibits of dahlias.

Mr. Peter E. Stann has returned from an extended trip through the South west.

Mr. and Mrs. Wilma Livingston spent the week at their cottage at Stone Harbor, N. J.

Nelson S. Moore, of Wandersville, left Narberth on Friday for Chicago by automobile.

Mr. Gordell Simons has returned to his home on Wyndale avenue from New York.

Mr. and Mrs. John B. Brooks have closed their home "Bird-a-Wee," and are spending the month of October in Atlantic City.

James F. Price, Elmwood avenue, attended the P. R. Y. M. C. A. Conference of the Operating Committee at Ocean City, N. J., as a delegate, October 1st and 2nd.

Hike to Valley Forge Saturday afternoon, October 15th, for men of Narberth. First stage of trip by train to Berwyn. Come along. Good eats and hike by moonlight. See Mr. Haws.

Miss Anna M. Owens received many messages of congratulation on Saturday at the home of Mr. and Mrs. Edward S. Haws, where her birthday was celebrated.

Evans and Warwick Win Cons. Doubles

DEFEAT BORVER AND FENNO IN FOUR SET MATCH—LAST OF TOURNAMENT MATCHES. COMMITTEES PLANNING DINNER-DANCE.

The last of the contests in the annual tournament of the Narberth Association was decided last Saturday afternoon, when Earl Warwick and W. W. Evans won the final match in the consolation doubles. They defeated Fenno and Boryer by the scores of 6-2, 6-1, 1-6, 6-2.

The complete list of tournament winners follows:

Singles, Robert Fretz.

Doubles, Robert Fretz and Franklin Fretz.

Junior Singles, Wells Wamack.

Consolation Singles, Earl Warwick.

Consolation Doubles, Earl Warwick and W. W. Evans.

Last Saturday's goals in the consolation doubles was quite a lot closer than might be judged by the scores. Many of the games, as will be seen by the point scores, went to deuce, and some went to a good many points beyond "regular deuce."

After Fenno and Boryer won the third set and the score stood two sets to one in favor of Warwick and Evans, it looked as though the match would go to five sets. The first game in the fourth set required sixteen points before it was settled. But Warwick and Evans, playing their steady and determined game of "gettin' em back," finally forged ahead and took the set 6-2.

The point score of the match follows:

First Set.
Warwick and Evans—
4 4 2 4 1 4 5 4-28 6

(Continued on Page 6)

DANCE NEXT FRIDAY, THE 14TH, ELM HALL.

The trustees and active members of the Narberth Fire Company are asking every resident of the Borough to co-operate with them in supporting a series of dances during the coming winter. Elm Hall, or in other words, the second floor of the Fire Company building, is in need of painting, redecorating and general overhauling, and the proceeds of these dances will go to that good cause.

So buy some tickets from the active members, come and dance to good music if you can and choose to, but be sure and buy the tickets and prove again that you are a good citizen and appreciate our volunteer Fire Company.

Community Club Annual Luncheon

NEXT TUESDAY, OCTOBER 11TH, IN CLUB ROOM—TO OPEN SEASON'S ACTIVITIES.

With "a long pull and a strong pull and a pull all together," we are to open the Club year on Tuesday, October 11th. Luncheon will be served promptly at 1:15 o'clock, and everybody who has been with us before, knows just how delicious that luncheon will be.

Come a little early and have time to greet other members that you have not seen all summer. And, by the way, you know that the Club has grown so large that you must reserve your place in advance. All acceptances must be in by Saturday, October 8th.

Our guests will be representatives from all of the most important women's clubs in the vicinity. Among them will be the Presidents of the State and County Federations, Mrs. H. S. Prentiss Nichols, whom we all know and love, will talk to us, and Mrs. Herman H. Barney, President of the Philo-classion Club, will speak about things of interest to club workers. Our own good President says that this is THE IMPORTANT MEETING, and gives the incentive for earnest work and co-operation for the coming year. Every member should be present to show her loyalty and support.

Comforts for the Sick.

Each Club year is marked by the addition of some helpful activity. This year it is to be a department which will aid in the care of the sick in our homes. It will supply, for a small fee, such things as ice bags, hot water bags, bed rests, etc. These three articles have already been given to the Club Mrs. Wm. Livingston, 108 Chestnut avenue, has charge of this work and will be glad to hear from anyone who has one or more articles to give or lend for this purpose.

This idea has been successfully carried out in other clubs, and we hope to make it really worth while in ours. If you can help, don't wait, do it now!

NEW BOOKS AT THE LIBRARY.

"If Winter Comes," A. S. M. Hutchinson.

"The Flaming Forest," James O. Curwood.

"The Beloved Woman," Kathleen Norris.

"To Let," John Galsworthy.

"Rilla of Ingleside," L. H. Montgomery.

"Queen Victoria," Lytton Strachey.

Editorial

Get Acquainted

The Narberth Civic Association is sending Our Town this week to many new residents and others not now subscribers to the paper.

We trust that those formerly unacquainted with Our Town will become subscribers. This is a no-profit, co-operative journal, the success of which depends on its value to each family, new and old, of Narberth.

The subscription rate is \$1.50 per year.

BEAT US TO IT.

Last week we published an editorial suggesting a coat of paint for the Y. M. C. A. Building. The article was written for the previous issue, but was crowded out for lack of room.

In the meantime, the matter had been taken up through other channels and the first coat of paint went on last Tuesday, anticipating our request by several days.

We might indulge in some pleasantry about the truly remarkable speed with which our suggestions are met, but in this case must admit we were a "day too late for the fair."

The Directors in charge of the building are to be congratulated for the attractive job, which has brightened up our community center wonderfully.

THAT CAT AGAIN!

Our editorial two weeks ago about the philosophical remark on the dead cat has, unfortunately perhaps, served to reopen this extremely delicate subject.

We admit we have studied Catiline, but have no intention of catechizing, or attempting a categorical catalogue of citizens who object to the company of a dead cat. Let the letters speak for themselves.

To the Editor of Our Town:

I plead guilty to a lack of civic responsibility in doing nothing but talking in the matter of the offensive wild cat seen on our streets during the summer. I surely appreciate the merit of

each one doing his bit rather than trying to place responsibility on our paid officials every time anything is found out of order.

Thank you for showing me my civic duty. I shall try to do better the next time.

Sincerely,
A. F. W.

(The editor has received about 3,718 similar letters from citizens who also felt that they had been accused of passing the buck, such as the following:)

ANOTHER ONE.

To the Editor of Our Town:

May I have a stick of your good space for the purpose of pointing out the masterly way in which your Zoological Department has handled such delicate matters as English sparrows and dead cats. Your profound editorial of Saturday week has made me squirm until I am compelled to confess publicly that I was the one who looked at the kitty and then passed by on the other side. I might add that it was all black and that I have seen worse ones. The next time I shall remember the lesson you have driven home, and will pick it up without passing, even if it causes me to lose my breakfast or the 7:20 train (Standard time).

In closing let me quote an inscription found in the Catacombs and attributed to my old friend Catullus: "Seat it requires cat."

ONE WHO KNOWS.

P. S.—Did you ever plant one under a rhubarb root?

PERMANENT ROADS.

The following interesting article, which is rather close in line with Narberth's road program, appeared in the Upper Merion Herald of October 1st:

"When something is invented that makes living easier, or better, or more comfortable the public must first be trained to its use and development. Opposition meets everything new.

When gas was first piped through the streets it was claimed that all the people would be killed by escaping fumes.

Many of us remember the first trolleys in Philadelphia and the long editorials in the newspapers about the danger from falling wires.

But who today would wish to live without the modern conveniences?

For years there has been in progress a campaign of education throughout the country for better roads.

Although, like many of the discoveries of modern times the automobile was of American origin, its development was held back in America and automotive leadership assumed by the countries of Europe because no automobile, no matter how strong, could hold together on the execrable roads that it was forced to use.

Tourists were compelled to go to Europe and all returned loud in praise of the incomparable roads of France and Belgium.

So we built roads of the same character, but we soon learned that their maintenance was enormously expensive. Automobiles blew the top off the roads and the modern heavy truck literally ground the foundation to bits.

Then the best scientific and engineering minds of the country tackled the problem in earnest, and, after a number of false starts evolved the modern reinforced concrete road, that Ajax-like, defies the lightning of traffic.

And if you have ever been so fortunate as to drive a car over a modern concrete road you will wonder why a community continues to spend money for the high-crowned, molasses covered, full of holes, abomination that is still being constructed and always being repaired and always in need of more repairs."

ANTICIPATING THE HOLIDAYS.

For those who wish to send out personal engraved greeting cards in the Christmas holidays, but little time remains to get the work under way before the last-minute rush begins.

On another page of this issue there appears an advertisement of an exclusive line of these beautiful remembrances. These, in our estimation, are the most highly artistic creations we have ever seen, and are priced at about the cost of the ordinary city store variety.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of Our Town, published every Saturday at Narberth, Pa., for October 1st, 1921.

State of Pennsylvania, County of Philadelphia, ss:

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Philip A. Livingston, who, having been duly sworn according to law, deposes and says that he is the Editor of Our Town, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24th, 1912, embodied in section 433, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, Narberth Civic Association, Narberth, Pa.

Editor, Philip A. Livingston, Narberth, Pa.

Managing Editor, Same.

Business Managers, Same.

2. That the owners are: Give name and addresses of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent. or more of the total amount of stock.

Narberth Civic Association, President, George A. Mahl; Vice-Presidents, Joseph H. Nash, A. J. Loos, Mrs. C. P. Fowler; Treasurer, Miss Maizie J. Simpson; Secretary, Robert J. Edgar; Directors, Mrs. Robert F. Wood, J. Garfield Atherholt, L. A. Miller, C. Lawrence Warwick, A. E. Wohler, Philip A. Livingston, J. J. Cabrey, Walter A. Fox, H. R. Hillegas, C. H. A. Chain, W. R. D. Hall, and Harry A. Jacobs.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent. or more of total amount of bonds, mortgages, or other securities are: None.

Philip A. Livingston.

Sworn to and subscribed before me this 5th day of October, 1921.

George E. Nitzsche.

(My commission expires January 18, 1922.)

WHAT'S WHAT WITH THE NARBERTH FIRE COMPANY.

Of course you know that our Fire Company is on the job to save your property twenty-four hours a day and decreases your insurance cost twenty to twenty-five per cent. Quite an item on ten million dollars worth of property when we consider that the maintenance of fire fighting apparatus is all that is paid out of Borough funds.

The building to house the apparatus and serve as Narberth's Community Center is owned and maintained by the Fire Company.

No salaries are paid to any member of the Company except those who are on duty continuously.

Where do they get the money to support the proposition?

From members who pay three dollars annually.

Are you one? If not, come around any evening and join up.

During the year 1920 our Company made forty-four runs, and of property worth \$250,000 only \$5,000 was lost, the longest actual time required to reach the blaze being three minutes, and that at 3 o'clock in the morning.

Councils are now working on a proposition to rebuild the hook and ladder unit out of 1922 funds.

RALLY DAY AT THE PRESBYTERIAN CHURCH.

The celebration of Rally Day in the Presbyterian Church last Sunday was most successful. The morning sermon on "Jesus, the Light of the World," was illustrated by the spectacular display of lighted candles by a large number of children, and was accompanied by the song, "You Light the One Next to You." It was a thrilling sight and the lesson it taught should never be forgotten. The attendance throughout the day was most encouraging. There were 350 present at Sunday School, which surpasses by 24 the previous high water mark.

Telephones.

Last Sunday evening the Society selected Miss Emma Mueller as President

and Miss Charlotte Hillegas as Vice-President for this year. They will nominate their cabinet Sunday evening. The new President, Miss Mueller, will have charge of the meeting.

7.45 P. M.—Evening worship. The Quartette will sing, "Saviour, Thy Children Keep," by Sullivan. The orchestra will play "Largo," by Handel. Congregational singing of great Gospel songs. Eleven young people who attended the Missionary Conference at Chambersburg and the Summer Assembly at Collegeville will conduct the service, bringing their own message in their own way.

8.00 P. M. Wednesday evening, prayer service and business meeting.

Residents Complain of Obnoxious Lot

WEED-GROWN PLOT AT NARBERTH AND WAYNE AVENUES HAS BECOME NEIGHBORHOOD NUISANCE.

People living at and near the corner of Wayne and Narberth avenues are becoming more and more incensed at the condition of a vacant lot on the northwest corner of this intersection.

This lot is thickly overgrown with weeds, which not only have formed a rank growth over the lot itself, but have grown through the hedge between it and the adjoining property, being anything but sightly. These weeds are nearly eight feet high in places, and give the corner the appearance of an abandoned dump, which has served as an invitation to careless people to deposit their trash there.

For several weeks letters have been sent in to the editor asking if something could not be done to relieve this eyesore, while some inquire why the Borough Government has no power to act in the matter.

The Borough Council, through its Highways Committee, has jurisdiction over only that part of a plot of ground lying within ten feet of the curb line, and unless the condition becomes a serious menace to health, the authorities cannot act.

The situation resolves itself, therefore, into a simple question of civic pride, or more exactly, civic duty. The lot is owned by a Narberth merchant, depending on Narberth people to support him in his business, and his own prosperity reflects the progress of the town. The proper maintenance of a lot in a built-up residential section is clearly the duty of any property owner.

The request of a correspondent in these columns a few weeks ago that the Oak Tree Lot on the South Side be cleaned up brought an immediate and very satisfactory response from the new owner, and we trust that prompt steps will be taken to put the lot at Wayne avenue in as good condition.

A CO-OPERATIVE PROPOSITION.

Counties Gas and Electric Company Offers Stock to Consumers.

The Counties Gas and Electric Company, which supplies Narberth with gas, has made an offer which will enable its customers to become partners in the business.

A special issue of stock, known as Class A, 8% preferred, is being made. The sale of the stock opened October 1st. The company believes that the high rate of return on the money invested will be a big inducement to its customers to become shareholders.

PALACE THEATRE, ARDMORE, PA.

Program Week of Monday, October 10.

Monday, October 10, Doris Keane in Edward Sheldon's celebrated play, "Romance." Sixth episode "Yellow Arm." Tuesday and Wednesday, October 11-12, Reginald Barker's production of Rupert Hughes' heart-grIPPING story of home and mother, "The Old Nest." This is the greatest film of the year, and everybody in this section should see this picture. Owing to the length we will show just one other subject, Harold Lloyd in "Over the Fence." Three shows Tuesday, 6.30, 8.10, 9.30 P. M. Wednesday two shows, 7 and 9. Thursday, October 13, Charles Ray in the greatest ring fight you ever saw, "Scrap Iron." Friday, October 14, Corinne Griffith in an unusual photoplay, "What's Your Reputation Worth?" Saturday, October 15, the great Japanese actor, Sessue Hayakawa, in "The First Born."

October 24 Open Legion Meeting For Men of Narberth

POST IS PLANNING ARMISTICE DAY PROGRAM—MORE DANCES COMING—OUT FOR NEW MEMBERS.

On Monday night, October 24, the Legion Post will throw open its meeting to all the men of Narberth. It extends an invitation on that evening to all ex-service men whether members of the American Legion or not, to their fathers and brothers, to their friends, in fact, to all men in Narberth or elsewhere who would enjoy an evening devoted to matters of community interest and filled out with good entertainment.

Several prominent speakers will be on the program and a special effort is being made to obtain Dr. Norwood, of Overbrook. Announcement will be made in a later issue of the full program.

At this meeting several of our prominent speakers will be on hand to tell us about the playground project on which the electorate will vote on November 8. Don't miss this opportunity to learn about this big community project. Chalk down the date—Monday, October 24.

ARMISTICE DAY EVENTS.

The Post has something up its sleeve for November 11—Armistice Day—which, by the way, is a legal holiday. Events are planned which will be of great interest to every man, woman and child in Narberth. In particular a big celebration is planned for the evening of that day. Mark down November 11. "A word to the wise."

MORE DANCES COMING.

To all those who grab for Our Town to find out when the next Legion dance is scheduled, let us tip them off to two mammoth affairs on New Year's Eve and St. Patrick's Day. Plan to welcome the New Year in with the Legion at Elm Hall. Bring your friends. And remember that St. Patrick's Day is a blue day if you don't join the merry time at the Legion dance. See that your social secretary jots down these dates—December 31 and March 17.

WATCH FOR THE BLUE PRINT NOTICES.

You may have wondered what the blue print notices are that decorate our leading shops. Have you read them? You may be missing something. It is our scheme for keeping you in touch with the Legion doings. What do you think of them?

ARE THEY MEMBERS?

You meet and talk with ex-service men every day. Ask them if they are members of the Legion. Perhaps we have missed them. Get them in touch with our Post. In that way you can help to build up the organization that will be second to none in promoting the best interests of the community of Narberth.

FIRE CHIEF NOEL TO SPEAK TOMORROW IN THE PRESBYTERIAN CHURCH.

In accordance with the proclamation of President Harding setting apart October 10 as "Fire Prevention Day," and urging that instruction be given from the pulpits of the land on that subject, Rev. John Van Ness, of the Presbyterian Church, has invited Mr. Charles V. Noel, Chief of the Narberth Fire Department, to speak on the general subject of "Fire Prevention," tomorrow evening. The meeting will be held promptly at 7 o'clock, under the auspices of the Christian Endeavor Society. The public is cordially invited.

RIDING ACADEMY IN NARBERTH.

Those who wish to ride and those who wish they could and would like to learn will be glad to know that saddle horses can be hired by the hour and instruction given by competent experts.

Mr. David Odell is in charge and the stables are at the Belmont track. Bates will be advertised in Our Town shortly.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.

Campaign on for More Sanitary Milk

MAIN LINE BOARDS OF HEALTH MEET TO DISCUSS METHODS OF SAFEGUARDING USERS.

The question of safe and wholesome milk is much in the minds of the people of the Townships of Lower Merion, Haverford, and Radnor, and the Borough of Narberth, because of the recent outbreak of typhoid fever which has been traced to milk and because the State Department of Health reports that 80% of the typhoid in the State of Pennsylvania was milk born.

The four Boards of Health are fully aware of this situation and because of it a conference was held in the office of the Suburban Association with Ralph E. Irwin, Chief of the Milk Division of the Department of Health.

Four fundamentals were presented by the State Department of Health as safeguards against epidemics and as necessities for the production of safe milk.

It was found that, with the exception of certain grading, none of the Boards of Health had these fundamentals incorporated in their regulations.

Last Wednesday night the Main Line Unit of the Montgomery County Medical Society invited the members of the four Boards of Health, the three Township Commissioners, and the Borough of Narberth, the Suburban Association, and a few representative citizens to discuss these regulations in an open meeting.

The Medical Society went on record by actual vote endorsing the regulations and recommending to the Boards of Health that they be incorporated in their milk code.

The Department of Health considers the requirements are fundamentals upon which may be built the many detail regulations necessary to properly control a public milk supply.

I. Grades of Milk.

Grades of milk should be established and defined. The following three grades of milk are recommended for your consideration:

- (1) Certified milk.
- (2) Grade A milk (raw).
- (3) Pasteurized milk.

The principal requirements under the grades recommended are as follows:

(1) "Certified Milk" means the product of dairies operated in accordance with the "Methods and Standards for the Production and Distribution of Certified Milk," adopted by the American Association of Medical Milk Commissions, May 1, 1912, and amendments thereto in effect at the time of production and the production and handling of which shall be certified to by a milk commission instituted in compliance therewith.

(a) "Grade A Milk (raw)" shall be milk from a herd, each member of which shall be free from communicable disease as determined by complete physical examinations and tuberculin tests conducted in accordance with the rules, regulations and practice of the Pennsylvania Bureau of Animal Industry. The examinations and tests to be made at intervals of not more than one year and at such lesser periods as may be recommended by said Bureau in individual cases. Each such examination and test may only be made by a veterinarian whose competency and reliability have been certified by the Bureau.

A complete report of each examination and test, approved by the Bureau, must be filed with the Board of Health before the milk from any cow may be sold as "Grade A Milk (raw)".

(b) The Board of Health shall cause all persons employed in or about dairy barns or milk houses who, in any manner may come in contact with "Grade A Milk (raw)" on the farm on which such milk is produced, or in any place where "Grade A Milk (raw)" is exposed or placed in containers to be examined for communicable disease at least semi-annually and at any subsequent time as the Board of Health may direct. Those found free from communicable disease shall be furnished a health certificate in accordance with the regulations of the Board of Health. The medical examination and the issuance of health certificates shall be at the expense of the Board of Health.

(c) The sanitary convenience on the dairy farm, such as privy vaults, cess-

pools, etc., shall be fly tight and kept in a sanitary condition.

(d) The water supply used in the dairy and for washing utensils shall be sufficiently abundant for all purposes, easy of access and free from contamination.

(3) Pasteurized Milk.

(a) "Pasteurized Milk" is milk which has been heated to a temperature of not less than 145 degrees Fahrenheit and held at that temperature for not less than 30 minutes.

(b) A true record of pasteurization as given by a recording thermometer approved by the Board of Health, shall be on file and ready for inspection at the place where the milk is pasteurized. The record on file shall be correctly dated and shall cover the six months previous to the date of inspection.

(c) The Board of Health shall cause all persons who in any manner come in contact with milk during or after pasteurization, to be examined for communicable disease at least semi-annually and at any subsequent time as the Board of Health may direct. Persons found free from communicable disease shall be furnished a health certificate in accordance with the regulations of the Board of Health. The medical examination and the issuance of health certificates shall be at the expense of the Board of Health.

II. Milk Inspector.

A milk inspector should be employed who is qualified to inspect dairy farms, milk treatment plants, and supervise the many details in connection with the production and distribution of milk. An inspector with agricultural college training and practical experience is preferred.

Nothing has been said concerning the bacteriological count, use of bottles, caps, capping machines, etc., as these are details which are usually taken care of by regulations of the local Board of Health. In some cases, however, the milk ordinance contains these regulations.

Choral Society is Planning Big Concert

TO BE GIVEN IN METROPOLITAN OPERA HOUSE, NOVEMBER 8. PROMINENT ARTISTS WILL ASSIST.

On November 8th the Narberth Choral Society will give its first concert of the season in the Metropolitan Opera House, Philadelphia, for the benefit of the Holiday House. The Chorus is preparing an elaborate program, which promises to surpass anything the Society has given so far, and judging by the progress made at this early date, our good friends who are fortunate enough to hear this concert will be given a musical treat.

Professor Niece has selected a most singable program, consisting of choruses from the grand operas, etc., and is insisting on high ideals as to tone color, phrasing, diction, etc. The tone color of the ensemble is improving with each rehearsal, and marked progress is also noted in the ease with which the chorus is spinning its attack. Everyone is striving to produce his best individual work, which is the foundation for good ensemble work.

The chorus this season will number about 100 voices. Quite a few new voices were added this season, including some of our prominent local and Main Line soloists. The Society is standardizing its entrance requirements on a high level, which, of course, attracts the singers who really can produce and are desirous of being affiliated with a live wire musical organization which is rapidly gaining recognition in the musical world.

The Society will be assisted in this concert by the nationally known artist, Miss Lucy Marsh. Miss Marsh is a Victor artist, and is known from shore to shore. Her voice is a lyric soprano of exceptional beauty and its exquisite purity, smoothness and flexibility are delightful to hear. She will sing a group of songs and will also sing the soprano obligato in the "Italian Street Song," from "Naughty Marietta."

Mr. John Richardson has also been engaged for the concert. This wonderful boy prodigy needs no introduction to our local folk, as he will be remembered as the wonderful boy violinist heard at the last local concert given by the Choral Society.

The chorus will be accompanied by Mr. Eri Beatty at the piano and the

Victor Talking Machine Company's orchestra.

All details for this concert, in the matter of tickets, program, etc., will be handled entirely by the Holiday House Committee. However, tickets may be secured through any member of the Choral if desired.

This concert is given for the purpose of helping with the splendid cause and work of the Holiday House and will not, of course, be included in the seasonal ticket held by Associate Members of the Choral Society. A later local concert will be given by the Society at which the associate membership cards may be used to finish the year's subscription.

The Holiday House Committee asks that all reservations be made as soon as possible, as their regular patrons will put in early subscriptions, but they want to serve especially well the Narberth folk.

For reservations apply to Mrs. Fred E. Derby, Narberth 386 R; Miss F. L. M. Hawkins, Ardmore 1087, or any member of the Choral Society.

MONTHLY WEATHER SUMMARY OF NARBERTH, SEPTEMBER, 1921.

TOTAL AMOUNT AUTHORIZED, \$2,500,000 PAR VALUE. THE OFFICERS ARE AUTHORIZED TO SELL AT THE PRESENT TIME, \$1,080,000 OF THE ISSUE AT PAR, \$50 PER SHARE, AND ACCRUED DIVIDENDS FROM SEPTEMBER 1, 1921, THE DATE OF THE ISSUE.

The Reason for the Issue.

To provide funds to be used for paying off indebtedness incurred in making additions and extensions of the Company's gas and electric properties to meet growing demands for service.

Customers as Partners.

The management feels that it will be a great advantage to have its customers as partners in the business. Therefore, it proposes to give its customers the opportunity to purchase this Class A Preferred Stock upon advantageous terms.

Why It Is a Good Investment.

This is an investment in a property thoroughly established right here at home, furnishing those vital necessities of life, gas and electric services, in ever increasing volume. You know who its officers and employees are. You are familiar with its methods of doing business. You have access to its records, which show nothing but successful operation. You have every opportunity to determine whether it can fulfill its promise to pay 8 per cent. on the money you invest.

Financial Facts You Should Know.

The net income of the Company for the year ended December 31, 1920, after payment of operating expenses, interest on bonds, interest on floating debt incurred for extension account, taxes, etc., and after setting aside proper depreciation reserves, was \$314,945.04. Dividends at the rate of 8 per cent. per annum on \$1,080,000 Class A Preferred Stock, now offered for sale, will amount to \$86,400, or slightly over one-fourth the amount of net income available for this purpose.

Protection for Purchasers.

At no time since 1913, when the Company was organized under its present corporate name, has it failed to pay promptly interest charges on all its obligations, and dividends amounting to \$168,000 a year on its issue of \$2,400,000 of 7 per cent. Preferred Stock (now known as Class B 7 per cent. Preferred Stock). As a special protection for purchasers of this new issue, by unanimous consent of the Company's present stockholders, no dividends can be paid upon the Class B 7 per cent. Preferred Stock or upon the Common Stock of the Company until after quarterly dividends at the rate of 8 per cent. per annum shall have been paid or set aside for payment on the Class A Preferred Stock.

Physical Property.

Gas is supplied through 250 miles of gas mains, radiating from plants at Ardmore and Norristown, Pa. Electricity is supplied through 500 miles of pole lines connected to a modern 16,000-kilowatt steam generating station at Norristown, and a 1,500-kilowatt station at Wayne, which latter plant also supplies steam heating service. The plant and equipment of the Company are of the most efficient type, kept in first-class condition for present service and future business needs.

Prosperous Territory Supplied.

The territory supplied, which lies to the north and west of Philadelphia, has a total area of 272 square miles. Service is rendered to over 65 communities having an estimated population of 140,742. These are prosperous communities which bid fair to enjoy constant and healthy growth. Some of the principal towns, and the character of service supplied, follow:

Both Gas and Electric Service				Electric Service		Gas Service	
Ardmore	Gladwyne	Paoli	Jeffersonville	Swedesburg	Centre Point	Overbrook	Merion
Wynnewood	Wayne	Green Tree	Spring Mill	Swedeland	Zieglerville	Bala	Malvern
Haverford	St. Davids	Norristown	Plymouth Meeting	Collegeville	Spring Mount	Academy	Narberth
Bryn Mawr	Radnor	Bridgeport	Berwyn	Trappe	Centre Square		
Rosemont	Strafford	Conshohocken	Devon	Schwenksville	Penn Square		
Villa Nova	Llanerch	West Conshohocken	Daylesford	Skippackville	Evansburg		
				Harleysville	Port Kennedy		
				Valley Forge			

Terms of Sale.

The above stock is offered at par, \$50 per share, and accrued dividends, for cash, or, if the customer prefers, on an easy payment plan, \$5 per share with subscription and \$5 per share per month. In the latter case, interest at the rate of 6 per cent. per annum will be paid by the Company on instalment amounts received until the stock is fully paid for, when stock certificates will be issued to participate in the 8 per cent. dividends.

Having made up your mind that you are interested in this offer, the next step is to get in touch with us by using the appended coupon or by telephone or personal call and your request will be given prompt attention.

Ash Collection

Starting with the week of October 17th, the ashes will be collected each week until further notice.

Kindly have tin cans and rubbish placed in containers separate from the ashes.

GEO. B. SUPLEE,
Street Commissioner.

First Tennis Dance On October 28th

WILL BE COSTUME AFFAIR WITH
THE ATMOSPHERE OF A FAL-
LOWE'EN PARTY—ENTER-
TAINMENT COMMITTEE
PLANNING A BIG
EVENING.

The first dance of the fall season, given by the Narberth Tennis Association, is announced for Friday evening, October 28th. It will be held at Elm Hall, and Chairman Metzger and the other members of the Entertainment Committee are planning for a big party.

Although occurring several nights before the regular abanac Halloween, the affair will be a costume dance and will take on all the atmosphere of Halloween, in every respect, masques, decorations and stunts.

The Entertainment Committee decided to hold this dance on October 28 instead of October 31, because it was felt that more members would find it convenient to attend on the former than the latter date. There are always a good many regularly scheduled home parties on Halloween, and a good many folks cannot conveniently arrange to make the necessary arrangements to attend dances on that night.

The announcement of the October 28 dance is made this far in advance so that members of the Tennis Association and their friends, can set aside the date, and be sure of having the evening free.

Ten Dollars in Prizes

As announced previously in Our Town, one of our readers has offered three prizes for short essays by the school children.

The contest is open to boys and girls of the first nine grades (includes the Junior High School), and judges of the contest will be announced shortly. Those who wish to try for these prizes are urged to send in their letters at once, as in event of a tie, the first letter received will be given first consideration. Essays should not be over 500 words in length.

Letters may be written on any one of the following subjects:

- 1st. Why do chicks delight in perching on the backs of the mother hen, and in what species is this habit noticeable?
- 2nd. Why is the female of bird kind usually of sombre color as compared with the usual bright and colorful shades of the male kind?
- 3rd. Why will a duck swimming with her young, kill any of the swimming flock that should happen to be wounded?
- 4th. Why does a mother quail stimulate lameness when surprised while feeding her flock, after having given her young the signal to hide?

MAILS TO AND FROM NARBERTH.

Incoming Mails Arrive.

6.40 A.M.—From all points.
9.00 A.M.—Local from Paoli.

Fire Prevention Day Monday Oct. 10th

HOW TO BECOME A FIRE PREVENTIONIST.

DON'T be careless; be thoughtful and prevent fires.

DON'T fail to make every day a Fire Prevention Day.

DON'T permit rubbish and waste materials to accumulate in the home.

DON'T tolerate defective electric wiring. Have it repaired.

DON'T neglect to have chimneys cleaned and examined for defects.

DON'T carelessly discard a lighted match, cigar or cigarette.

DON'T deposit hot ashes in wooden barrels or boxes or against wooden buildings.

DON'T connect a gas stove or heater with rubber hose.

DON'T use gasoline, benzine or naphtha near a fire or open light.

DON'T hang clothes directly over a fire.

DON'T use liquid polish near a fire or on a hot stove.

DON'T thaw out frozen water pipes with a torch.

DON'T look for a gas leak with a match or open flame light.

DON'T leave current on electric iron when not being used.

DON'T smoke in bed.

DON'T neglect to provide screens for open fire places.

DON'T be without a fire extinguisher.

THE WAGES OF SIN

"Bredon!" exclaimed the preacher as he came across a portion of his flock engaged in pursuing the goddess of chance. "Don't you all know it's wrong to shoot craps?"

"Yes, pahson," admitted one parishioner, sadly, "an' b'lieve me, Ah's payin' fo' mah sins."

The annual dinner-dance of the Association, on which occasion the prizes will be awarded to the winners, including the ex-Presidents' prize to the member whose playing showed the greatest improvement during the season just passed, is now being planned by the Tournament and Entertainment Committees. The date for this affair has not yet been decided upon, but as soon as it is selected it will be announced so that members can reserve that evening.

Thus, officially, ends the tennis season of 1921, but that doesn't mean that the members of the Association have stopped playing. Not by any means! Every Saturday afternoon that is clear from now on until the snow drifts across the courts, will see a goodly number of members out and playing.

"It is merely a question of putting on enough extra sweaters and pairs of trousers," as Perry Redifer, Sr., and Jim Donnelly, Sr., put it.

Here's the Practical Side of New Outdoor Recreation Community Center

(Continued from Page 1)

Shand Field—the present school athletic field—for building purposes, instead of going into the open market and buying, or through condemnation proceedings acquiring, additional land for the new buildings. And don't forget who it will be who will profit by the money that is saved—not the members of the Board of Education, except in their capacity as citizens and property owners, but EVERY CITIZEN—and that means YOU, and YOUR FRIENDS and NEIGHBORS.

Finally, nothing would be gained, and indeed much would be lost, if anyone attempted to give the impression that the acquisition of the land for the Outdoor Recreation Center and the development of the plan, was not going to cost anybody anything. Everything that is worth while costs something, either in the life of the individual or the life of the community.

Frankly, the probability is that the carrying charges on the \$30,000 bond issue for the Recreation Center may increase the Borough tax rate one or a little less than one mill—that is, one-tenth of a cent—on each \$100 worth of property. Such is the fact of the matter in its "worst light"—if anyone chooses to look at the matter in its "worst light."

"Costly" to Neglect Opportunities.

But against that "poor, miserable little mill" consider what an Outdoor Recreation Community Center will do for the physical and moral welfare of the entire community—the young and old of the present generation, and the boys and girls of ten, fifteen and twenty years from today! Think of the wholesome entertainment it will make possible for everybody! Think of the stimulating effect on our individual and community self-respect of cleaning up that eyesore and making of it into a thing of beauty, wholesome recreation, sport, entertainment, fun and everything else that makes for the best in community life!

As a well-known writer has said, "Neglected children have a way—and a very effective and costly way it is—of paying society back for that neglect."

Let it not be said of Narberth that we neglected to provide the much needed Recreation Community Center when we had the opportunity.

Vote "Yes" on the \$30,000 bond issue on election day. Make Narberth 100 per cent. strong for this splendid improvement.
